

## Rates info

The rate for each private health product can vary as a result of two Government initiatives:

- Private Health Insurance Rebate
- Lifetime Health Cover loading

### Lifetime Health Cover

Lifetime Health Cover (LHC) is a Commonwealth Government initiative to encourage people to take out hospital cover at a young age. LHC recognises the length of time a person has private hospital cover with a registered health fund. If you start your cover earlier in life and maintain your hospital cover you'll pay a lower premium compared to someone who starts their cover at a later age.

Provided you start your private hospital cover by 1 July after your 31st birthday, you won't have to pay a LHC loading. If you don't take out hospital cover until you're older, your premium will be 2% higher for each year that you're over 30. The maximum LHC loading of 70% is reached at age 65.

People who were born on or before 1 July 1934 are exempt from LHC and can join a health fund at any time and pay the same premium as someone who takes out cover at age 30.

LHC loadings stop applying after 10 years continuous hospital cover (conditions apply).

### Medicare Levy Surcharge

The Medicare Levy Surcharge applies to Australian taxpayers who don't hold private hospital cover for the full financial year and who earn above a certain income (\$90,000 per year for singles in 2018/19). The surcharge is to encourage people to take out private hospital cover, and use the private system wherever possible. The aim is to reduce the demand on the public system.

The surcharge is between 1% and 1.5%, depending on your household income level. It is on top of the Medicare Levy of 2%, which is paid by most Australian taxpayers. The Medicare Levy Surcharge is paid by people earning over the income threshold who don't have private hospital insurance. The income threshold changes during the full financial year.

You don't have to pay the surcharge if your household income is below the income threshold.

**If you have any Peoplecare Hospital cover, don't worry! You won't have to pay the Medicare Levy Surcharge.**

### Australian Government Rebate on Private Health Insurance

The Australian Government Rebate on Private Health Insurance was introduced as a financial incentive to help Australians afford private health cover. The Rebate depends on your age, is income-tested and applies to all Peoplecare products. The Rebate isn't available for the Lifetime Health Cover loading portion of membership payments (if you have one).

Your Rebate is based on your age, taxable household income (for Medicare Levy Surcharge purposes), CPI (inflation) and the average health fund industry increases in premium using a complex Government formula. Below are the thresholds set by the Australian Government for this financial year.

It's up to you to nominate a Rebate Tier (based on your age and household income). If you don't tell us, or if you choose the wrong Tier, don't worry because the Australian Tax Office will work out any differences when you put in your annual tax return.

Most people choose to take their Rebate up front as a lower premium, but if you'd prefer to claim the Rebate as a lump sum through your tax at the end of the financial year, you can just pay the full premium. If you aren't sure which Rebate Tier you should choose, please contact your tax agent, financial advisor, the Australian Taxation Office or visit [www.health.gov.au](http://www.health.gov.au).

	Step 1: Income threshold (for 2018/19 financial year)		Step 2: Age & Rebate amount (age of the oldest person on your cover)			Medicare Levy Surcharge (This will only apply if you <b>don't</b> have private hospital cover)
			Under 65 years	65-69 years	70+ years	
Base Tier	Single \$90,000 or less	Family* \$180,000 or less	25.059%	29.236%	33.413%	0%
Tier 1	Single \$90,001 – 105,000	Family* \$180,001 – 210,000	16.706%	20.883%	25.059%	1%
Tier 2	Single \$105,001 – 140,000	Family* \$210,001 – 280,000	8.352%	12.529%	16.706%	1.25%
Tier 3	Single \$140,001 or more	Family* \$280,001 or more	0%	0%	0%	1.5%

\*If you're a family with children, the income threshold for each Tier is increased by \$1,500 for every child after your first. Family includes couples and single parent families. For the most up-to-date info, visit [peoplecare.com.au/rebate](http://peoplecare.com.au/rebate).
